

Together, we're making a difference!

Love a Village

We are a grassroots organization dedicated to changing the face of extreme poverty. We are the voice for the voiceless, silenced by the chasm the grip of poverty has left them in. We exist to empower villagers, not through handouts, but by working together with local leaders, coming alongside them and assisting them to live independently.

Luhomero, Malawi

Luhomero is nestled in an isolated, low-lying mountain range with a population of over 5,000. As subsistence farmers, their survival depends on what they grow. They're determined people, who's lives are changing!

Trevor Seath

My name is Trevor and I'm 49 years old. I'm married to Julie (25 years) and father to four fantastic children. I'm really looking forward to being able to go again. This trip I'll be able to be with my son Kyle.

I'm a pastor working with a ministry called "Multiply". We help with church planting in Canada and I serve as the Regional Director for Ontario.

My first trip to Malawi was in 2012 when Julie led our family of 6 on a trip to serve a family of four - a mother living with her three surviving children in a very small mud and stick hut they had built together. She had two other children who passed away, one from malnutrition and the other from malaria.

LAV Projects

LAV works to reduce poverty and promote independence by partnering with Malawians in:

- Clean Water - boreholes and water filters
- Safe Shelter - roofing
- Food Security - farming techniques, beehives, mushrooms and so much more
- Health & Hygiene - toilets, hygiene classes
- Focus on Girls - sewing and menstrual hygiene management

Support

Prayer is essential and is the single most important gift people can give me. Financial gifts are also needed in order to enable me to go and advance LAV projects in Luhomero.

Here's how you can help:

Receipts issued for donations over \$25

It has been an incredible experience to be able to watch the story of Love a Village coming to life over the years.

My trip this July will be my first opportunity to visit Malawi after Love a Village formed a full-time partnership with Rural Development Partners in 2017. I'm happy for this opportunity to be able to see how the work in Luhomero has progressed since this major step forward.

One of the things I'm looking forward to is being able to encourage the group in Luhomero that's been participating in the "Discipling for Development" Bible Study program. I'm also looking forward to spending time visiting with families and individuals who would like to receive prayer and be able to pray with them. I'd also like to do some prayer walking in the community.
